

STEPHENE OTIENO ODHIAMBO

ICT STUDENT | IT SUPPORT | NETWORKING | SYSTEMS | WEB DEVELOPMENT

+254797819571 | stepheneotieno20@email.com | github.com/se254tev

PROFESSIONAL PROFILE

Information and Communication Technology student with hands-on experience in ICT support, computer hardware and software troubleshooting, operating-system installation, system diagnostics, user account configuration, web development and basic networking. Completed an ICT attachment at Mawego National Polytechnic involving hardware diagnostics, Windows 10/11 installation, BIOS/boot configuration, preventive maintenance and technical reporting. Also experienced in customer-facing technical support through M-KOPA and ICT leadership through the ISACA Student Group at JOOUST.

EDUCATION

Bachelor of Science in Information Communication Technology — Jaramogi Oginga Odinga University of Science and Technology (JOOUST), Bondo, Kenya

2022 – Present

Kenya Certificate of Secondary Education (KCSE) — Grade B — Ringa Boys High School, Homa Bay, Kenya

PROFESSIONAL EXPERIENCE

ICT Attachment Trainee — Mawego National Polytechnic, Oyugis, Kenya

June 2026 – August 2026

- Diagnosed computer hardware faults and startup/POST errors.
- Checked RAM, CMOS batteries, cooling fans, monitors, keyboards, mice and VGA cables.
- Troubleshoot boot, boot-device and display problems and replaced faulty components such as monitors.
- Performed preventive maintenance and computer health checks on laboratory equipment.
- Installed and configured Windows 10 and Windows 11 operating systems.
- Configured BIOS/boot settings and troubleshoot boot-device problems.
- Created administrator and local student user accounts and configured operating systems.
- Ran system diagnostics including SFC /scannow and recorded faults and maintenance activities.
- Assessed computer laboratory equipment and prepared technical observations and recommendations.
- Reported identified hardware and software problems to relevant ICT personnel.

Secretary — ISACA Student Group, JOOUST

May 2025 – June 2026

- Coordinate reports, documentation and official communication.
- Organise ICT and cybersecurity awareness activities.
- Manage member records using digital tools.

Deputy President — ISACA Student Group, JOOUST

September 2024 – May 2025

- Led planning of student ICT programmes and professional events.
- Coordinated student participation in IT governance activities.

Direct Sales Representative — M-KOPA

2024 – 2025

- Onboard customers to the device financing platform and support smartphone setup.
- Troubleshoot device, application and connectivity issues for clients.
- Guide users through installation, configuration and safe device usage.
- Maintain accurate customer and device activation records.

TECHNICAL SKILLS

Programming & Web	JavaScript, VB.NET, SQL, HTML, CSS; Next.js; Tailwind CSS
Systems	Windows; Linux (Ubuntu/Kali); Windows installation and configuration; BIOS/boot settings
IT Support	Hardware diagnostics; PC troubleshooting; preventive maintenance; system diagnostics; user accounts
Networking	IP addressing; connectivity troubleshooting; router and switch basics
Tools	Git; GitHub; VS Code
Core	Web application development; system design; database basics; device and PC troubleshooting; Vibe Coding

PROJECTS

Bolt Market Place — Web Application — JavaScript, Next.js, Tailwind CSS, Git

- Built a hybrid platform for real estate listings and an SME marketplace.
- Designed a responsive user interface with a scalable component structure.
- Implemented clean routing and maintainable frontend architecture.
- GitHub: github.com/se254tev

Ringa Kamuga SDA Church Website — HTML, CSS, JavaScript, Git

- Developed a dynamic website with rotating images and a responsive layout.
- Integrated Google Maps location and YouTube resources.
- Created an admin page for content updates and management.
- GitHub: github.com/se254tev

ACHIEVEMENTS, LEADERSHIP & ACTIVITIES

- ICT Attachment — Mawego National Polytechnic (June–August 2026): Gained hands-on experience in computer hardware diagnostics, Windows 10/11 installation, BIOS and boot configuration, system troubleshooting, preventive maintenance and technical reporting.
- Diagnosed hardware, startup/POST, boot-device and display problems, including issues involving RAM, CMOS batteries, fans, monitors, keyboards, mice and VGA cables.
- Performed system diagnostics using SFC /scannow, configured administrator and student accounts, and supported operating-system activation and configuration.
- Assessed computer laboratory equipment, documented identified faults and prepared technical observations and recommendations for ICT personnel.
- Siaya Digital Summit Hackathon Participant: Collaborated in a team to design and present a practical ICT solution under time constraints.
- Applied system design, problem-solving and rapid prototyping skills during the hackathon.
- Secretary, ISACA Student Group — JOOUST: Coordinated documentation, reports, communication and ICT/cybersecurity awareness activities.
- Deputy President, ISACA Student Group — JOOUST (2024–2025): Supported planning of ICT programmes and professional activities.
- Camp Secretary, Ringa Kamuga SDA Church (2022–2024).
- Participant in debate competitions and public speaking.

PROFESSIONAL STRENGTHS

Professionalism • Teamwork • Technical problem-solving • Documentation • Communication • Customer support • Willingness to learn
